# Skinaru

Science-Based Skincare for a Wide Range of Skin Types

## No-Rinse Foaming Body Wash

No rinsing required!  
Gently cleanses the skin with long-lasting foam

Mildly acidic

No artificial coloring

Foam dispensing

80mL

500mL

• No rinsing required—simple and efficient care

No need

Reduce supplies and waste

Required items

This product

Cloth or Gauze

Gloves

Waste bag

Shower bottle

Absorbent pads

Cleaning process

No need

Simplify cleaning procedure and reduce infection risk

Work the foam into the surface to lift dirt

Rinse with warm water

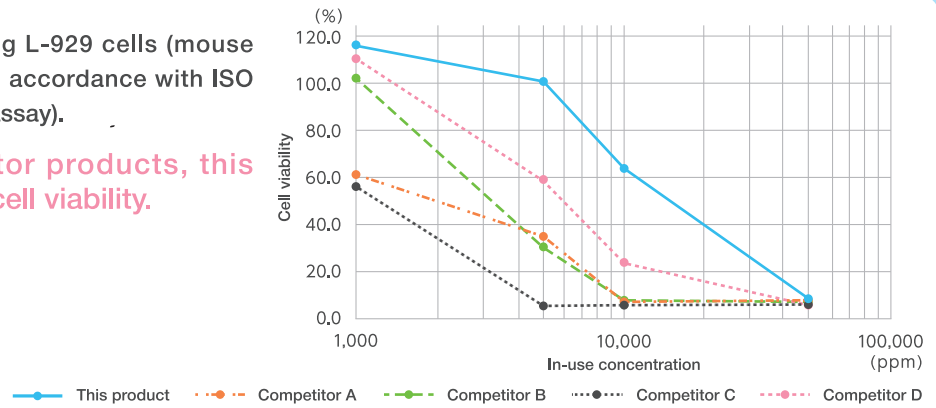

Wipe off

- Long-lasting foam and a mildly acidic, low-irritation formula gently cleanse the skin over a wide area
- Contains 15 types of amino acids (moisturizing ingredients)
- Fresh citrus fruity fragrance

## Evaluation of skin gentleness

We conducted the test using L-929 cells (mouse subcutaneous fibroblasts) in accordance with ISO 10993-5:2009 Annex C (MTT assay).

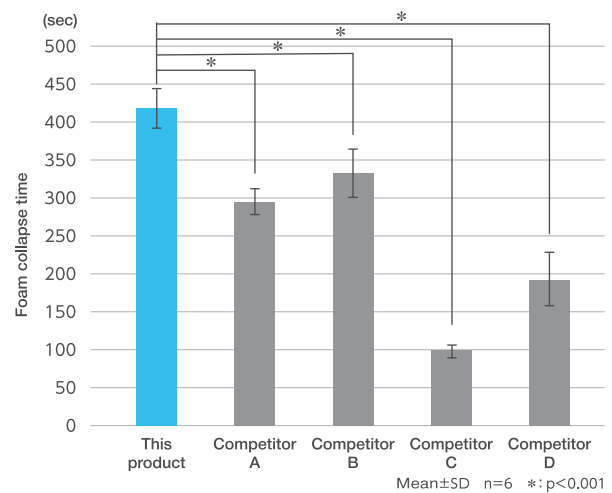

Compared to competitor products, this product showed higher cell viability.

## Evaluation of foam longevity

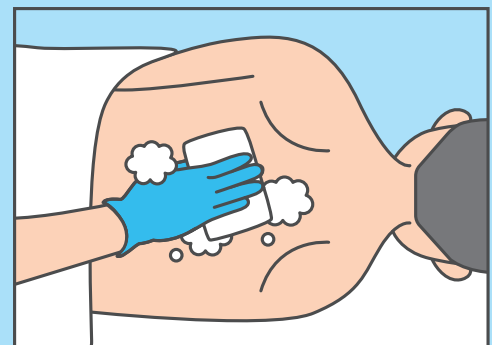

Based on the Hart-Degeorge method, approximately 14g of each product (This product or competitor products) was dispensed into a funnel fitted with a mesh, and the time required until the wire inside the funnel became visible (foam persistence time) was measured.

Our product showed higher foam longevity than all competitor products. This indicates that the foam persists longer, allowing a wide area to be effectively wiped with a single dispensing.

## Application examples

- For use when bathing is difficult, such as in cases of limited mobility, bedridden conditions, poor physical condition, or post-surgery
- For BCP preparedness and emergency stockpiling
- When you want to reduce the supplies and steps required for body cleansing

## How to use

Apply an appropriate amount to gauze or a towel, spread over the body, and gently wipe off, ensuring no foam remains. No rinsing is required.

Product	Content	Units per Carton	Product Code	JAN Code
Skinaru No-Rinse Foaming Body Wash	80mL	20 x 2	50384	49-87696-50384-7
	500mL	18	50385	49-87696-50384-4
